Major standards approx. 27 weeks

Supporting standards approx. 9 weeks

Additional standards

In order to preserve the focus and coherence of the Standards, both assessment consortia have designated clusters at each grade level as major, supporting or additional. Updated SBAC materials state that the “overall ratio on the assessment of content in high-priority clusters should be about 3:1” (*Content Specifications for the Summative Assessment of CCSSM*, June, 2013).
