

Video Viewing Guide

Before Video: Context

What grade, content, etc do you know about the lesson?

During Video: Record your observations

Evidence: What standards and indications do you see?

What are the students and the teacher doing?

After Video: Discuss

What did the teacher do to implement the standard(s)?

What routines/structures were in place in the classroom for successful implementation of the standard(s)?

What do you think your strengths are with respect to the standards/indicators? How could you improve your practice?
