

5

STANDARD 5: ASSESSMENT IS INTEGRATED INTO INSTRUCTION

INDICATORS

What Teachers Need to Demonstrate	Mandatory Evidence Sources of Instructional Practice	Optional Evidence Sources of Instructional Practice	Description/Notes
<p>Indicator 1 Teacher plans on-going learning opportunities based on evidence of all students' current learning status</p>	<ul style="list-style-type: none"> Teacher pre/post conference One confirmatory item from optional evidence source 	<ul style="list-style-type: none"> Lesson plan Prior student work/assessment informing planned learning opportunities Teacher notes Student classroom interviews 	<ul style="list-style-type: none"> "Evidence" of student learning status refers to what students say, do, make, or write (Griffin, 2007) that indicates what they know and are able to do (Note: evidence types and sources will differ depending on specific content area) There may be several different learning opportunities to account for differences in students' learning status or one open-ended task with multiple entry points (see Standard 2)
<p>Indicator 2 Teacher aligns assessment opportunities with learning goals and performance criteria</p>	<ul style="list-style-type: none"> Direct evaluator observation Teacher pre/post conference 	<ul style="list-style-type: none"> Lesson plan Student work Student classroom interviews 	<ul style="list-style-type: none"> Learning goals specify what students are to learn in the lesson (e.g. concepts, skills, Standards, not the activity) Performance criteria indicate the successful accomplishment of the learning goal Teacher should use different types of assessment strategies to account for learner differences
<p>Indicator 3 Teacher structures opportunities to generate evidence of learning during the lesson of all students</p>	<ul style="list-style-type: none"> Direct evaluator observation Teacher pre/post conference 	<ul style="list-style-type: none"> Lesson plan Teacher notes Student classroom interviews Audio/visual/print artifact 	<ul style="list-style-type: none"> While evidence generation needs to be planned, evidence can also arise spontaneously Opportunities for evidence generation can include: instructional tasks, teacher-led discussions, peer-to-peer discussions, one-on-one conferencing Teacher should structure multiple opportunities to generate evidence and not rely on one source
<p>Indicator 4 Teacher adapts actions based on evidence generated in the lesson for all students</p>	<ul style="list-style-type: none"> Direct evaluator observation Teacher pre/post conference 	<ul style="list-style-type: none"> Lesson plan Teacher notes Written feedback on student work Student classroom interviews 	<ul style="list-style-type: none"> Actions based on evidence can include: continuation of planned lesson, instructional adjustments, provision of feedback to students, subsequent lesson planning
