Teacher Tips

[Book and Movie Comparison/Contrast Guide](#) - A great graphic organizer.

[Compare and contrast electronic text with traditionally printed text](#) - During this lesson, students compare and contrast the characteristics of electronic text with traditionally printed text, gaining a deeper understanding of how to navigate and comprehend information found on the Internet.

Vertical Progression

RI.K.7 - With prompting and support, describe the relationship between illustrations and the text in which they appear (e.g., what person, place, thing, or idea in the text an illustration depicts).

RI.1.7 - Use the illustrations and details in a text to describe its key ideas.

RI.2.7 - Explain how specific images (e.g., a diagram showing how a machine works) contribute to and clarify a text.

RI.3.7 - Use information gained from illustrations (e.g., maps, photographs) and the words in a text to demonstrate understanding of the text (e.g., where, when, why, and how key events occur).

RI.4.7 - Interpret information presented visually, orally, or quantitatively (e.g., in charts, graphs, diagrams, time lines, animations, or interactive elements on Web pages) and explain how the information contributes to an understanding of the text in which it appears.

RI.5.7 - Draw on information from multiple print or digital sources, demonstrating the ability to locate an answer to a question quickly or to solve a problem efficiently.

RI.6.7 - Integrate information presented in different media or formats (e.g., visually, quantitatively) as well as in words to develop a coherent understanding of a topic or issue.

RI.8.7 - Evaluate the advantages and disadvantages of using different mediums (e.g., print or digital text, video, multimedia) to present a particular topic or idea.

RI.9-10.7 - Analyze various accounts of a subject told in different mediums (e.g., a person's life story in both print and multimedia), determining which details are emphasized in each account.

RI.11-12.7 - Integrate and evaluate multiple sources of information presented in different media or formats (e.g., visually, quantitatively) as well as in words in order to address a question or solve a problem.
