NVACS: Counting and Cardinality (K.CC.2, K.CC.7)

Practice for Kindergarten: Students use their understanding of number order to add numbers to a number line.

Look where 0 and 10 are on the number line. Where should the number 9 be? Write it on the number line.

0 10

Where should the number 2 be? Write it on the number line.

0 10

Where should the number 7 be? Write it on the number line.

0 10

Where should the number 5 be? Write it on the number line.

0 10
