

Name _____ Date _____

1.OA.7 Understand the meaning of the equal sign, and determine equations involving addition and subtraction are true or false

Which equations are true and false?

1. $7 = 10$ True False	2. $3 + 7 = 10$ True False	3. $4 + 3 + 1 = 8$ True False
4. $10 + 7 = 17$ True False	5. $7 = 10 - 3$ True False	6. $12 = 5 + 7$ True False
7. $5 + 9 = 15$ True False	8. $8 - 1 = 6$ True False	9. $14 = 5 + 9$ True False
10. $12 = 4 + 4 + 4$ True False	11. $13 - 4 = 8$ True False	12. $16 = 9 + 6$ True False

Choose one of the equations above. _____

Prove why it is true or false with pictures, numbers, or words.
